Helpful hints for using Fill-In forms:

- Use either the hand tool or the scroll bar on right side of browser window to move the page around to view all areas.

- Position the hand pointer inside a form field and click. The hand pointer will change to an I-beam pointer when an editable field exists. Use the I-beam pointer to enter text, or use the arrow pointer to select a check box. If the cursor does not change from a hand pointer, no editable field exists.
- Press TAB to accept text entered and to go to the next field, or press SHIFT+TAB to accept text entered and go to previous field.
- Clicking the space bar will place or remove a check mark, in addition to just clicking on the box.
- RETURN takes you down another line in a multi-line field
