

Crucial® Ballistix® Tactical Series Memory

FEATURES & BENEFITS:

- Designed for performance enthusiasts, gamers and power users
- Enhanced heat spreader
- Advanced speeds and timings (XMP Profile)
- Premium quality DRAM
- Black PCB
- Proven stability and reliability
- Crucial: a trusted name in memory
- Limited lifetime warranty

Put your game face on.

If you're serious about gaming, we're serious about you. The Crucial Ballistix Tactical Series delivers the latest features at a price you can afford. If you want solid performance, stability, and compatibility, put the Ballistix Tactical series to work for you.

Timing is everything.

The new Crucial Ballistix Tactical Series is designed for performance enthusiasts, gamers and power users. Ballistix Tactical features increased speeds and timings, a black PCB, and enhanced heat spreader for improved thermal performance. If you are looking for reliable, quality memory ideal for stability and compatibility while kicking up the performance factor, the Ballistix Tactical Series is a perfect fit. Available in DDR3 in all popular speeds and densities.

Trusted name.

When you buy Ballistix, you buy confidence. We back our products with limited lifetime warranties and outstanding service and support. At Crucial, each one of our Ballistix modules passes rigorous testing to meet or exceed specifications. Price-competitive, high-quality, and reliable, the Crucial Ballistix Tactical series gives you the serious advantage you've been looking for.
